

Next Education Embarks On New Journey

22 Aug, 2014

Next Education, India's leading source of technology-backed K-12 solutions forays into trainings for teachers, Students, Parents and Principals of schools of all boards. It is also the empanelled agency of CBSE for providing mandatory the trainings for the schools under its affiliation.

The training is divided into two categories; one for the CBSE board schools and the other is the customized programme for all boards. The first category has subject specific training program/competence building for teachers, CCE & CBSE's Initiatives for Teachers, Classroom Management for Teachers and Communication Strategies for Students. The second category has "Nurturing Creativity"- The Creative Classrooms, "Showcase your portfolio"- Academic Quality Management & Documentation, Emotionally Intelligent Classrooms, and Leadership Infinite- for Students, Collaborative Classrooms, Train the teacher- The Parent, Character Building & Value systems and SQAA Awareness.

All the training programmes by Next Education are designed, crafted, mentored and conducted by the leading academicians in the country. These training programs are very effective and unique with features like demonstration method, interaction approach and experimental learning methodology.
